ADOPTION OF MINUTES FROM PREVIOUS MEETING

Motion was made and seconded to accept the meeting minutes from the April 20, 2006 meeting, and the May 18, 2006 meeting. Minutes from both meetings were accepted.

REPORTS

PRESIDENT

President, Leisa Vineyard reported that the State Cup Tournament went well, even with the issues that we had, we were able to get through them all. She thanked the State Cup Committee and this Board for supporting each other. Far West Regionals are next week, and I will not be going, but to those that are good luck and be safe.

Vineyard concluded in stating that there has been a State Cup survey sent out to all the coaches that participated in State cup. The conclusion so far has been that teams did not mind setting up nets on one half of the field, and the majority, so far, really liked playing in one location. So we will see once everyone has replied, and take the data to the committee to determine what we can do for next years State Cup.

REAL SALT LAKE

Chris Keeney from Sr. Director of Sales for Real Salt Lake let the board know that they are very excited about what is happening between them and UYSA.

Keeney stated that they are busy working on things for 2007 with additional benefits for each district in the UYSA organization.

Keeney also stated that Real Madrid will be playing here in Salt Lake on August 12, 2006, and have already sold approximately 20,000 seats. They are also constructing a package to send out to the UYSA households real soon. Real Madrid has cost us some money to get them to come, so we are unable to offer any type of discount tickets. But I will work directly with anyone here on the board to get tickets for this game.

Keeney also stated that September 16, 2006 game will be UYSA night.

Keeney also stated that the Real stadium will be built, we already have the private money set up, we are still working out the issues with the public money, and we are also working on helping with the proposition 5 fields in Salt Lake.

Keeney concluded in thanking UYSA for all the support they have given Real Salt Lake.

TECHNICAL DIRECTOR

Greg Maas, Technical Director reported that the coaching education classes have been very positive, and great attendance, thanks for encouraging your coaches to get their licenses.

Maas also reported that the NSCAA GK State and Regional Diploma went very well, we had 32 candidates attending from 5 different states, 27 candidates were from Utah— Thanks for the great support.

Maas concluded in reporting that he was entering into a very busy travel calendar, the first cycle of ODP camps start June 26th and run throughout July, and Far West Regionals start up on June 18, 2006. Thanks for all the support.

STATE COMPETITION DIRECTOR

Kurt Cottrell, State Competition Director stated that everyone is just finishing out the last of the season, getting ready for the new year.

Cottrell stated that the Competition meetings have been held on Tuesdays, but he will be contacting all of the DOC's to find out what day works the best for them, and then let the Board know.

DISTRICT REPORTS

DISTRICT 1

Alan Jones, District 1 Chairperson, reported that they have been able to set up a meeting with Granite School District to gain access to more of their fields. They are willing to work with us in a more organized fashion, and we are willing to put up resources that will help in managing the fields that we are able to use.

DISCUSSION ON COMPETITON SCHEDULES

Alan Jones, District 1 Chairperson, presented the board with a new avenue to help with the states game schedules. He set up a formula to run the schedules through an excel

program. With scheduling, you put stuff in and you get your schedules out, the online system, nobody really knows how it works.

With this program, you put in the preseason alignment, you add the name, age, gender, and division, and then the schedule pops out.

You do this for each of the divisions. You can go thru and add the basics before it gets really crazy, then you cut and paste the results into 1 page, you can sort by age, date, and field, everything else is calculated. It will also flag any problems so that you can go back and get them corrected. You only need to add the teams and fields once.

The hardest part is verifying the teams that are put thru the alignment, to make sure they are all put in and accounted for.

The online system is great, but the scheduling part is a nightmare, with the current system, it is difficult to get it up and running correctly. This program is formula driven, it would not be hard to go in and fix-it up. This is just another alternative way to get the schedules out in a faster time frame.

With this, you can keep the templates and rework them between fall and spring, so that after the alignment all you need to do is plug in the teams and dates, and you have your schedules. You also can add your perimeters so that it flags any problems that you may encounter.

Leisa Vineyard, President thanked Alan Jones for putting this together and working on it, she will take it to Amy Oakeson, Programs Director, and have her test it out and get her input on it, and then bring back any input to the board for further direction.

DISTRICT 2

Trish Roberts, District 2 Chairperson, stated that her board had asked her to find out what all of the other districts are doing in paying their registrars. Are they employees, or independent contractors?

The coconscious of the board is that the majority of the districts treat their registrars as independent contractors.

DISTRICT 3

John Gygi, District 3 Chairperson, stated that they are just getting ready for fall, trying to locate and secure any new fields that we can use.

Concerning Registration, do we need to send Birth Certificates in for those that are already in the system?

Leisa Vineyard, President, stated that once they have been verified, there really is no need to continue collecting them; some people have started scanning them into the system. ADG is a very secure sight, and you can store all of your Birth Certificates on their sight.

Gygi concluded in stating that they will not have any district program for this fall, everything will be run in house.

DISTRICT 6

Brandee Nadauld, District 6 proxy, reported that they are just finishing up with registrations, and their numbers are about the same.

DISTRICT 4

Dave Mills was excused, but asked that Leisa Vineyard ask that if anyone is doing an inter-district play, that they please approve it through them before doing so.

DISTRICT 7

Delon Brower, District 7 Chairperson, reported that their spring season went very well. They have just finished up with the Kohl's America Cup, the support was good, and we had 40 teams participating.

Brower concluded in asking when they would be getting the money for the tournament.

CEDAR CITY PETITION TO BECOME A LEAGUE

Kyle Pasley, League at Large, explained to the board that Cedar City wants to become a separate league from Southern Utah Soccer.

Pasley explained that Cedar City has a recreation program affiliated with the Southern Utah Soccer Association, but they have not gone through our board, and have not correctly registered all of their players. We told them that they needed to get this done, and they never did, so we went through and got them registered so they had the insurance, and they have never paid us the money. They think that all we want is the money, but we are the only ones that should be able to accept the money, all of those kids need to be correctly registered. They also have \$10,000 of SUSA equipment up in Cedar City.

Pasley stated that his worry is that we are going to muddy the waters by having to many teams, but if they want to have their own thing Iron County and north that is fine for the competition program. There is no reason that we can not have something set up so that we can run two (2) different programs.

Leisa Vineyard, President asked if both entities would be willing to have a Friday night or Saturday board meeting, and we could come down and help work things out. There is a lot more accountability by becoming their own league.

Pasley responded that would be good, maybe we could all get on the same page and get this worked out.

Motion was made and seconded to table the Cedar City Petition until next month.

BUDGET

Leisa Vineyard, President, stated that there have been a few adjustments made to the budget, we were over in a few areas, and under in others, so we have moved some of the money allocations around. The good thing is that we have come out ahead about \$9,000. That way we have some cushion.

Motion was made and seconded to approve the budget changes.

ADOPTION OF X-LEAGUE POLICY

President, Leisa Vineyard asked if each district had taken this back to their boards and if we were ok to adopt this.

Motion was made and seconded to accept the following x-league policy.

*UTAH YOUTH SOCCER ASSOCIATION
U10 X-LEAGUE*

UYSA OVERVIEW

The Utah Youth Soccer Association (UYSA) is the only organization in Utah that offers playing opportunities to youth players of all ages, playing abilities, and levels of commitment. The organization's mission is to offer a diverse range of soccer services to meet the needs of every child in the state, regardless of the child's background or financial means.

U10 X-LEAGUE BACKGROUND

The U10 X-league continues to be one of the fastest growing state-wide programs, experiencing substantial growth from the inaugural 2004-05 season. As the program continues to grow and develop, the goal is to form geographical leagues that will help to minimize the amount of travel for participating teams; however, this may not always be the case.

The U10 X-league registration, alignment, and scheduling fall under the current competition rules and policies set forth by UYSA's State Competition Program.

U10 X-LEAGUE PHILOSOPHY

The U10 X-league is a state-wide junior competition program for those players in the U10 age group. The U10 X-league was created to build a bridge that helps to connect both recreation and competitive soccer programs. The foundation of the U10 X-league is to foster an environment for those ambitious and advanced players who aspire to a higher-level of play. In addition, the U10 X-league is focused on augmenting player development through quality and organized play—in a fun, challenging, and rewarding soccer environment.

U10 X-LEAGUE PLAYER ELIGIBILITY

No player in the U-8 or younger age group may be registered to play in the U10 x-league. No player in the U-9 age group may be registered to a team that competes in an age group more than one year older than the player's age group. The actual age of the player shall determine the play-up, not the age division the player is registered in.

U10 X-LEAGUE COACHES QUALIFICATIONS AND CERTIFICATION

Every coach that coaches in the U10 X-league must sign the "Code of Coaching Ethics" form.

All individuals coaching in the U10 X-league will have on record at the UYSA State Office a minimum of a valid USSF "E" License. The UYSA State Office will maintain on the UYSA website an updated list of coaches and their license-level. It is the responsibility of the League/District Registrar to note the license-level of the coach of any team entering the U10 X-league. The registrar must verify the coach's license by viewing the license or by checking the state list of coach's licenses. If the coach does not have the required license or waiver, the Registrar will return to the coach the roster and all accompanying documents for that team and will notify the District Competition Director/District Chairperson (the District will decide who is to be notified) of the

deficiency and that UYSA representative will follow through to assist the team in obtaining a coach with a valid license.

A Waiver can only be issued to a coach with a UYSA Youth Module Level I or II. Exceptions to this will be handled on an individual basis by the District Board and with final approval by the State Technical Director. A request for an extension of an expired waiver must follow the same process.

A coach that has been granted a license waiver may function as a head coach or an assistant coach for one playing year. After the waiver period expires, that individual may not function as a head coach or as an assistant coach for any team until he/she reaches the proper license-level.

If any games are played with an unlicensed coach coaching, said coach will be brought up on disciplinary charges.

If an individual is listed as the Head Coach on more than (1) team in the U10 X-league, each team must have an assistant coach with the required License-level or (1) year waiver.

The coaching waiver is good for the duration of one UYSA playing year. The definition of that period is February 1 through January 31; and July 1 through June 30. If a waiver request is initially submitted to the District after the season play, the waiver will be dated as if received at the start of the next season.

U10 X-LEAGUE RULES AND POLICIES

The U10 X-league registration, alignment, and scheduling fall under the current competition rules and policies set forth by UYSA's State Competition program.

REAL LOGO ON ALL RECREATION UNIFORMS (SCORE)

Leisa Vineyard, President asked if all districts would be willing to put on each of their uniforms the Real Salt Lake logo above the number on the back. We would double it with the US youth logo, which is mandatory to have on each uniform.

We should get this information out to everyone. The cost would be 35-50 cents from Score, District 2 was willing to put it on their uniforms if Real would pay for it, we can ask everyone to put it on, it may be more difficult on reversible jerseys, and we can not put it on the ODP uniforms.

Kurt Cottrell, Competition Director stated that we are doing a lot for Real, so maybe they could do something for us like pay for the screen or something. We are the ones that have really built up the soccer fan base for them.

Leisa Vineyard asked if District 7 would be willing to put a patch on the sleeve of the uniforms.

Delon Brower, District 7 Chairperson, stated that they would be willing to place a patch on the sleeve of their uniforms, and they could have all of their new uniforms screened printed.

Cindy Baron, Vice President, stated that she would like to see us marketing ourselves before we market someone else.

Leisa Vineyard stated that maybe we should just put Utah Youth Soccer logo and double it with US Youth's logo and wait to put Real on the uniforms?

For the Score uniforms we really need to jump on this, because most districts/leagues have already put in an order. We will come up with something and e-mail it out to everyone, and get something worked out.
